FROM: Frank J. Filas, Reclamation Engineer 

RE: Field Visit to John Hanley's Claims, DOE/001/005,
Beaver County, Utah

This DOE is located in an area of considerable historical mine activity. There are numerous old shafts, adits, and mine dumps in this general area (Sections 23, 24, 25, 26 and 36 of T28S, R12W). It can be reached by traveling 6 1/2 miles west of Milford on Hwy 21 and turning south onto a dirt road for approximately 5 miles.

Dave Wham and I visited this DOE on September 10, 1986 and located John Hanley's claims and his assessment work (prospect pits and regraded roads). There was no evidence of any post 1977 mine operation.
